

SCAMP1 Polyclonal Antibody

Cat No: HR1AP9161

For research use only

Overview

Product Name	SCAMP1 Polyclonal Antibody
Source	Rabbit
Applications	WB,ELISA
Species Reactivity	Human,Mouse,Rat
Recommended Dilutions	
Immunogen	
Species	Rabbit
Storage	-20°C/1 year
Isotype	
Clonality	
Concentration	1 mg/ml
Observed band	32kDa
GeneID?Human?	SCAMP1
Human Swiss-Prot No.	
Cellular localization	
Alternative Names	SCAMP1; SCAMP; Secretory carrier-associated membrane protein 1; Secretory carrier membrane protein 1
Background	secretory carrier membrane protein 1(SCAMP1) Homo sapiens This gene product belongs to the SCAMP family of proteins, which are secretory carrier membrane proteins. They function as carriers to the cell surface in post-golgi recycling pathways. Different family members are highly related products of distinct genes, and are usually expressed together. These findings suggest that these protein family members may function at the same site during vesicular transport rather than in separate pathways. A pseudogene of this gene has been defined on chromosome 1. Alternative splicing results in multiple transcript variants. [provided by RefSeq, Mar 2014],
